STAT

Dear Mr. Gates:

It was our pleasure to participate in a meeting at the Agency on March 4, 1987, to explore avenues of increased cooperation and awareness with industry. The meeting caused us to reflect on your needs and our capabilities in some depth. In response to your request for feedback, we offer in the attached compilation our thoughts in the following areas:

- Artificial Intelligence
- Data Base and Related Technology
- Speech Technology
- Infrared Technology
- Microelectronics Technology
- Software Development Technology
- Detection and Neutralization Technology
- Chemical Warfare Against Vehicles
